**WARNING:  
DUE DATES  
ARE CLOSER THAN  
THEY APPEAR**

### REMINDERS FOR HIGH SCHOOL STUDENTS:

Volunteer Hours (10 per PE credit) and Activity Hours (75 for each grade 11 or 12 credit) need to be completed by June 20<sup>th</sup>. Several volunteer opportunities are available. Check the sign-up sheets outside the South Gym.

All Health units (2 for grades 9 & 10 and 3 for grades 11 & 12) must be turned in by June 14<sup>th</sup>.

HAPPY  
FATHER'S DAY

## Library News

First of all, Mrs. McGill would like to thank everyone for all the support and help with the book fair. You all helped in making it a huge success! Thank you to all the volunteers who came to help & organize the event! We made close to \$4400 in net sales! This gave us a little over \$2500 in rewards dollars to use towards new books for the classroom libraries and our school library! The school library donated \$50 to each K-8 teacher to buy books for their classroom libraries. The Middle Years Student Council added \$25 to this so, each teacher received \$75 worth of free books! Mrs. McGill is busy adding all of these new books to our library as well as working on plans for some big changes for the new school year.

### Deadlines for Returning Materials!

The deadline for all high school students to return library books will June 14<sup>th</sup>. If you need a book for your exam then please return your books after your exam.

The deadline for students in Kindergarten- Grade 8 is June 21<sup>st</sup>.

The deadline for all teachers to have their books returned is June 21<sup>st</sup> so there is hopefully enough time to put all the books back on the shelves over the summer months.

Parents, please note that there are several students from K-12 that have not returned their books from months ago as they have taken them home and either forgot or lost them. If you find a book with the Killarney School barcode and the barcode is not blacked out please return it! Thank you!

Hope you all have a great summer and keep up your reading skills!

## Lost & Found

### ATTENTION PARENTS:

Our Lost & Found is overflowing with shirts, hoodies, pants, jackets, shoes, water bottles, etc. If you are missing something, please check the 2 bins - in the South Foyer or the Primary Coat Room. Any items left in July will be discarded.

## Gym News

We are going to have a busy month for gym activities!

Our Jump Rope for Heart event will be in the afternoon on June 5<sup>th</sup>. K to 6 students will participate and the grade 7 & 8 students will run the stations. Pledge sheets and money are due June 3<sup>rd</sup>.

Our Middle Years Track Meet is scheduled for June 14<sup>th</sup>, with June 17<sup>th</sup> as the rain date. Some of our athletes will then move on to compete in the Divisional Track Meet on June 24<sup>th</sup> in Brandon.

Our K-6 Tabloid Day will be on June 20<sup>th</sup>. Family are welcome to come and watch your kids in the action!

Are YOU or someone YOU KNOW going into GRADE 6 this fall?

Every day we make decisions that protect ourselves and the people around us to keep everyone safe. We are taught to wear a seatbelt when riding in a car, to stay home from school when we are sick, and we get immunizations to keep ourselves and everyone around us healthy today, tomorrow and in the future.

Grade 6 students will receive three vaccines in the 2019-2020 school year. These vaccines are Hepatitis B, HPV (Human Papillomavirus) and Meningococcal and they are all very important. These vaccines prepare young bodies with a defense (antibodies) that will protect against these diseases, if and when they are exposed to them at an older age. Our goal, as health care providers, is to help protect all children against serious diseases.

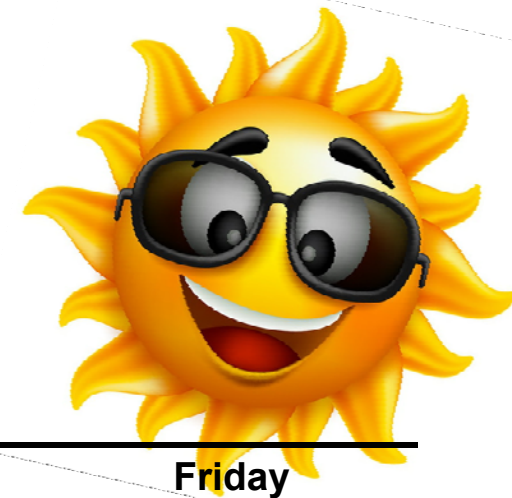

All of these vaccines protect against serious infections. The Hepatitis B vaccine protects against liver disease. The HPV vaccine protects against several HPV viral infections, some of which can lead to certain types of cancers. The meningococcal vaccine protects against a life-threatening illness, caused by a bacteria that can infect the blood and brain.

These vaccines work best when given at a younger age for two reasons. It allows children to develop an immune response before they are exposed to the viruses and younger people create more antibodies to the vaccine than those in their late teens. Immunizing as many children as possible also helps to protect those that cannot be immunized because of other serious health issues.

If you have questions about these vaccines, or the school immunization program, please feel free to call your local public health office, or speak to your health care provider.

Information about these vaccines and a consent form will be sent home with all Grade 6 children in Sept 2019.
